

Pride in Place:

The second half of the funding has been received by Pendle and the allocation of the second round of awards will be imminent. Due to the potential mobility of the Clerk following his operation the Clerk contacted Ryan Giffard and after a brief discussion on the tendering process and project managing, he suggested that the Clerk spoke to Mr. Corden who has previously managed projects for Pendle.

The Clerk met Mr. Corden regarding the kitchen and solar panel projects and has sent him the quotes already obtained. There will be a fee involved for this work but it will give the Clerk more time to both recover and catch up. The Clerk will hopefully have more information by the meeting.

It must be borne in mind that these projects must be completed before the end of the financial year. The Clerk will oversee the other smaller projects.
